10mx10m

Also available in DESIGN 1 - Ground Tubes & Side Door

Type: Available in DESIGN 1 & 2
7.5mx15m

Type: Available in DESIGN 1 & 2
10mx20m

ADDITIONAL FEATURES

Extreme marquees are leaders in marquee design and innovation. Designing new, advanced and radical shaped marquees is our speciality. However with design comes safety issues. Extreme Marquees has recently engineered its own Patent pending technology Safety air release system (SARS tm) to prevent accidental over inflation of our inflatable range. All Extreme inflatable marquees are fitted with this patent pending safety valve and THERMAL WELDED with German technology.

CUSTOM PRINTING

Extreme Marquees want to produce your ultimate marketing product. Our full colour digital printing process will add all graphics, logos or photographs you require to brand your marquee.
